

**CALCULATION OF CUMULATIVE NET INVESTMENT LOSS (CNIL)  
TO DECEMBER 31, 2009**

- Use this form if you had any **investment income** or **investment expenses** for 2009.
- Your CNIL reduces the amount of your cumulative gains limit for the year and may affect the allowable amount of your capital gains deduction.
- Even if you are not claiming a capital gains deduction in 2009, you should still complete this form if you had any investment income or expenses in 2009.
- Because the balance in your CNIL account is a cumulative total, you may need this information in a future year. Keep a copy for your records and attach another to your return.
- If you need more information, contact us at **1-800-959-8281**.

**Note**

If you have capital gains other than from the disposition of qualified farm property, qualified fishing property or qualified small business corporation shares in 2009, you should start by completing Chart A on the back of this form to determine if you have additional investment income to include when you calculate your CNIL.
