

"Who got the camera?" —Ice Cube

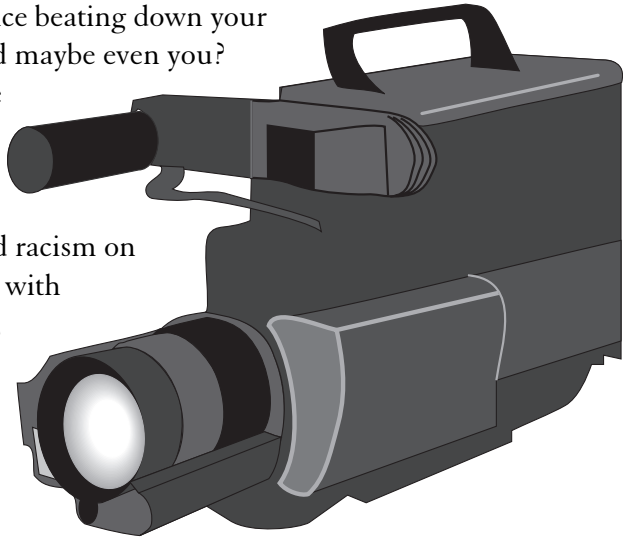

WE GOT THE CAMERA

Sick of the police beating down your friends, family, and maybe even you?

Disgusted with the cops' racism?

Copwatch is a group that fights police brutality and racism on the streets. Armed with cameras, notepads, and knowledge of our rights, we put the cops in check. When they know they're being videtaped, they don't feel free to beat people or violate their rights.

If you want to check Copwatch out, we're training new people regularly. Give us a call for more info.

COPWATCH
