*"I just received the Growth Report for GWRRA and 2008 is going to be a great year. We are at a .48% growth in membership. **We did it!!** The last time we had a positive increase was 2003. I can only attribute this to the hard work and dedication of all of you out there. **THANK YOU!!** (and thanks for making me look good! :))"*

Melissa Eason - GWRRA

Region I grew .43% with **Wyoming contributing 2.83%** which was also the **largest net growth** in the continental United States for the GWRRA!

Hello Friends!!

Like most of you, Nicole and I are looking forward to nicer riding conditions that should be arriving soon! During last year's mild winter I rode frequently, but since Thanksgiving, I have been unable to get Maelstrom out on the road at all. Last weekend I took a five foot steel pry bar and worked on chipping away that three inch thick slab of ice in my alleyway. I was eventually able to get a path wide enough for the Goldwing and then we

received more snow. Luckily the ice has not returned and (if life can stop getting in the way for a few hours), I will try to get out for a short ride and feel the freedom of the road as only a motorcycle can experience it!

I applaud **Jim Lysne**, who I have seen riding to and from work all winter long, and **Howard Segal** and **Bill Paterson** who I know have been out and about throughout this nasty winter. I am sure there are others of you who have continued to ride as well, but I think I can safely say, we are **all** looking forward to warmer weather!!

On February 24th we had a fun time buying and wrapping gifts for our upcoming Chapter WY-B 22nd Annual Birthday Party! We also painted and decorated small birdhouses for our centerpieces. We had a lot of fun and some great jokes and good conversations! In our effort to be "green" we wrapped the gifts in the Sunday comic pages that were donated by our members. Special thanks to Susann Anderson for getting the birdhouses and paints and decorations, and also for getting us the use of the Masonic Lodge. We had 17 members attend and help with the birthday party preparations. Thank you, thank you, thank you!! I was duly impressed by all the creative talent that Cheyenne has to offer!

Our **March Chapter B Meeting** is **Saturday the 8th** at the **Country Buffet** – 8am Breakfast – 9am Meeting. We hope you will be able to join us!

Our **March Dinner Run** is scheduled for Friday, March 28th and George and Susanne Anderson are hosting. Time and location are yet to be determined.

Wayne Brautigam suffered a wicked fall which damaged his knee. He has had surgery on the knee and is healing now, and getting around better. **Myrna Brautigam** had surgery on her shoulder last week, and should be on the mend soon, but we need to be **extremely gentle** when we are giving our **world famous hugs**. **Bob Snipes** was in the hospital recently, but is out now and doing well. **Dave Hill** has been convalescing from his knee surgery (with the help of many puzzles) and is ready to get back to work soon.

Please be sure to let us know if you would like us to inform the Chapter if you are ill, injured or have a hospital stay coming up. Please contact **Dawna Hill** (635-5227) or **Kenn Harvey** (630-6285) to get information to the Chapter.

Let Us Introduce You To.....

The Harvey's

Kenn: Growing up, I lived a couple of years in Wyoming, Colorado, Montana, Oregon, California, and a few other states. I have always said that my folks have gypsy feet since they still rarely live more than two years in any one spot. Most of my youth was spent in Montana in the Bozeman and Billings areas, even though I was born in Sheridan, Wyoming. I graduated from Billings Senior High in 1976.

Nicole: I was born in Rocky Mount, NC. My folks traveled a lot when I was small. We lived in North Carolina, Kentucky, Tennessee (not too far from Graceland), Georgia and ultimately ended up on the Eastern Shore of Virginia. I graduated from Broadwater Academy in 1980.

Kenn: I am the youngest of three, with two older sisters, although each of us at times has *claimed* to be an only child. Rita is the oldest and Wyoma is the middle child.

Nicole: I am the only child. I broke the mold and anything else I got blamed for it because I didn't have a sibling to blame it on.

Kenn: I completed an Air Conditioning/Refrigeration course at Billings Vocational Technical Institute. What I learned there was that people want you to repair their air conditioner when it is 100 degrees and work on their heater when it is 20 degrees below zero. In the end, I opted for a more comfortable profession.

Nicole: I went on to college to college at Radford University to become a world-famous artist. Then, I realized that doesn't pay much and became a graphic designer. I graduated with a Bachelor of Fine Arts in 1984 and worked at various advertising agencies in the Norfolk and Virginia Beach area.

Kenn: Oddly enough, Nicole and I met at Cowboy South in Cheyenne on Halloween night. I came dressed as me, (yeah, kinda scary) and she came dressed as an angel who stole my heart. I was actually with my girlfriend at the time and we were having our first fight. Nicole came in with a friend of hers from work and I noticed her as she walked in. They sat down at a nearby table and soon afterward my girlfriend wanted to leave. I told her she could but I planned to stay. After she left, Nicole waited about ten minutes, then came over and asked me to dance. We have been dancing ever since!

Nicole: I can't believe I met my husband in a bar. That scenario for other people never seems to end well but luckily mine has. I saw Kenn from across the bar in a shirt that was the same design as I had bought, and he was very handsome and gentlemanly looking. Only problem was that he was with a girl...but they appeared to look like they were not having a good time. The girl left. I gave her the proper 10 minute wait before I swooped in to lay claim to the vulnerable man she left behind.

Kenn: Nicole and I met in 1992 and it was love at first sight! It is difficult to believe how smitten I was, and still am! We were married in 1993 at the Sody Pop Saloon here in Cheyenne. We had a western theme wedding and even had Judge "Yogi " Allen preside in old west attire.

Nicole: Ditto.

Kenn: I worked after school at A-1 Rentals in Billings, then when I graduated I worked at Stuart's House of Vacuums for 4 ½ years. Later I worked as a maintenance engineer at the Sheraton Hotel and later as Chief Engineer at Hart-Albin in Billings. I was hired on as the service manager at Billings Sewing and Vac, Inc and stayed there for almost ten years. After that, I decided to start my own store and I moved to Cheyenne and started the Sewing Center of Cheyenne, which has kept me busy for nearly 17 years.

Nicole: I started my illustrious career as a paste-up artist for some of the better known agencies in the Tidewater area. I was previously married before Kenn and when I got laid off from my job, my first husband (a Navy guy) and I moved to Colorado to find work I worked as a ski resort culinary secretary doing paperwork for new employees. 6 months in to that and a job opened in Denver for a graphic artist where I worked for 1 year before it was taken over by a firm in Minnesota. You know how bad things happen in threes and for a reason? I lost that job, my first husband totaled the only car we had, and later asked for a divorce. BUT, just before my severance pay ran out, Unicover called and asked if I was interested in a job I applied for over a year before. I figured it was a good time for a change and decided to move to Wyoming and work for them. I worked there for 15+ years until last year when they downsized. I now work for WYDOT at Driver Services as a Driver License Specialist 2 where we review applications and make sure people get the proper restrictions on their license. I really enjoy my new found career path and hope I have found my new calling.

Kenn: My first motorcycle was purchased in 1975. It was a used gold Honda 350, and was a great bike, but within a month I had traded up to a red 1975 Suzuki GT 750. I added a Windjammer fairing, a Shoei trunk and saddlebags, fog and driving lights, an auto-reverse cassette deck and more. I realize now that I was trying my best to turn it into a Goldwing.

Nicole: A few springs ago, Kenn decided to test drive a bike. He warned me that if he did, he would probably have to get one. After a few safety classes and road trips, I enjoy it much more when someone else drives and I get to look at the scenery.

Kenn: I have enjoyed riding since the early seventies when I rode a few dirt bikes and a tote-goat off-road near a friend's house during the summer.

Nicole: My first experience with motorcycles was when I was about 10 (early 70s also). I tried to ride a dirt bike but ended up in some kind of prickly bush. That ended my interest for about 30 years. When I turned 40, I decided I shouldn't be afraid to learn to operate one. So, I flunked the beginner's class royally and then Kenn coached me in parking lots and I later passed and got my license.

What other hobbies do the two of you have?

Kenn: How could we have time for anything else?? Actually, I spend a bit of time computering, creating and maintaining my web sites, electronic gadgeting and PS3 gaming.

Nicole: I enjoy doing pencil sketches, gardening and catering to our two cats.

Kenn: Nicole and I a great time in the Black Hills area, riding around Deadwood and Custer, South Dakota. We rode through the Needles Highway and Spearfish Canyons and took a helicopter ride to Mount Rushmore and rode the 1880's Steam Locomotive. Then we headed over to Devil's Tower and then down to Buffalo, Wyoming for the District Rally. That was a magical trip.

Nicole: Ditto.

Nicole: We are really thankful for our extended goldwing family.

Kenn: Ditto!!

From: The Rider Ed Guy.....

I will be bringing WYDOT registration forms for the May ERC class to the monthly meetings. Register as soon as possible!!

WE NEED YOUR HELP!!!!!!!!!!!!

Anyone that has pictures of any events they have been to (breakfast, dinner run etc), for 2008 in the month of Jan and Feb, I would like copies by the end of Feb. I will be doing next year's scrap book on a 2 month basis. If I don't have them by the end of each 2 months (Feb, April, June, August, Oct, and Dec) then they will not be in the book. It is way too hard to try to go back and enter something when you have already completed that section. Remember, we are taking the book to the competition for the state, so the more pictures (with details of who, where, when, what) the better the book! As you will notice in this year's book most (if not all) the pictures are from Kenn, Ron Fox or me. When the rest of you go to events could you please snap a few pictures?

We have no pictures from 2007 District Rally. I know some of you went but no one gave me anything so there is no book. We had also ask for those of you that have been IOY or COY to stay after the breakfast meeting to get pictures for the History of the Chapter book I am doing. **John Cram** and **Debbie Nielson** I need one of each of you please. Or I will use something I can find in one of the scrap books. If anyone else needs to have their picture taken please see me after the breakfast meeting. I am using pictures that were taken at the Christmas party for some of the ones I need. I have numbered the scrap books and made a check out sheet, if anyone would like to check out a book see Kenn or me. They really are a lot of fun to look at! Thanks for all your help with this.

Yes, it's that magical time of year again when the Darwin Awards are bestowed, honoring the least evolved among us.

1. When his 38-caliber revolver failed to fire at his intended victim during a holdup in Long Beach, California, would-be robber James Elliot did something that can only inspire wonder. He peered down the barrel and tried the trigger again. This time it worked.
2. The chef at a hotel in Switzerland lost a finger in a meat-cutting machine and, after a little shopping around, submitted a claim to his insurance company. The company expecting negligence sent out one of its men to have a look for himself. He tried the machine and he also lost a finger. The chef's claim was approved.
3. A man who shoveled snow for an hour to clear a space for his car during a blizzard in Chicago returned with his vehicle to find a woman had taken the space. Understandably, he shot her.
4. After stopping for drinks at an illegal bar, a Zimbabwean bus driver found that the 20 mental patients he was supposed to be transporting from Harare to Bulawayo had escaped. Not wanting to admit his incompetence, the driver went to a nearby bus stop and offered everyone waiting there a free ride. He then delivered the passengers to the mental hospital, telling the staff the patients were very excitable and prone to bizarre fantasies. The deception wasn't discovered for 3 days.
5. An American teenager was in the hospital recovering from serious head wounds received from an oncoming train. When asked how he received the injuries, the lad told police he was simply trying to see how close he could get his head to a moving train before he was hit.
6. A man walked into a Louisiana Circle-K, put a \$20 bill on the counter, and asked for change. When the clerk opened the cash drawer, the man pulled a gun and asked for all the cash in the register, which the clerk promptly provided. The man took the cash from the clerk and fled, leaving the \$20 bill on the counter. The total amount of cash he got from the drawer... \$15. [If someone points a gun at you and gives you money, is a crime committed?]
7. Seems an Arkansas guy wanted some beer pretty badly. He decided he'd just throw a cinder block through a liquor store window, grab some booze, and run. So he lifted the cinder block and heaved it over his head at the window. The cinder block bounced back and hit the would-be thief on the head, knocking him unconscious. The liquor store window was made of Plexiglas. The whole event was caught on videotape.
8. As a female shopper exited a New York convenience store, a man grabbed her purse and ran. The clerk called 911 immediately, and the woman was able to give them a detailed description of the snatcher. Within minutes, the police apprehended the snatcher. They put him in the car and drove back to the store. The thief was then taken out of the car and told to stand there for a positive ID. To which he replied, "Yes, officer, that's her. That's the lady I stole the purse from."
9. The Ann Arbor News crime column reported a man walked into a Burger King in Ypsilanti, Michigan, at 5 A.M., flashed a gun, and demanded cash. The clerk turned him down because he said he couldn't open the cash register without a food order. When the man ordered onion rings, the clerk said they weren't available for breakfast. The man, frustrated, walked away. [*A 5-STAR STUPIDITY AWARD WINNER]
10. When a man attempted to siphon gasoline from a motor home parked on a Seattle street, he got much more than he bargained for. Police arrived at the scene to find a very sick man curled up next to a motor home near spilled sewage. A police spokesman said the man admitted to trying to steal gasoline and plugged his siphon hose into the motor home's sewage tank by mistake. The owner of the vehicle declined to press charges saying it was the best laugh he'd ever had.

And...Not to be outdone by the Darwin Awards...

How do these people survive?

ONE Recently, when I went to McDonald's I saw on the menu that you could have an order of 6, 9 or 12 Chicken Mc Nuggets. I asked for a half dozen nuggets. "We don't have half dozen nuggets," said the teenager at the counter. "You don't?" I replied. "We only have six, nine, or twelve," was the reply. "So I can't order a half dozen nuggets, but I can order six?" "That's right." So I shook my head and ordered six Mc Nuggets.

TWO I was checking out at the local Wal-Mart with just a few items and the lady behind me put her things on the belt close to mine. I picked up one of those "dividers" they keep by the cash register and placed it between our things so they wouldn't get mixed. After the girl had scanned all of my items, she picked up the "divider", looking it all over for the bar code so she could scan it. Not finding the bar code she said to me, "Do you know how much this is?" I said to her, "I've changed my mind. I don't think I'll buy that today." She said "OK," and I paid her for the things and left. She had no clue to what had just happened.

THREE A lady at work was seen putting a credit card into her floppy drive and pulling it out very quickly. When I inquired as to what she was doing, she said she was shopping on the Internet and they kept asking for a credit card number, so she was using the ATM "thingy."

FOUR I recently saw a distraught young lady weeping beside her car. "Do you need some help?" I asked. She replied, "I knew I should have replaced the battery to this remote door unlocker. Now I can't get into my car. Do you think they (pointing to a distant convenience store) would have a battery to fit this?" "Hmmm, I dunno. Do you have an alarm, too?" I asked. "No, just this remote thingy," she answered, handing it and the car keys to me. As I took the key and manually unlocked the door, I replied, "Why don't you drive over there and check about the batteries. It's a long walk."

FIVE Several years ago, we had an Intern who was none too swift. One day she was typing and turned to a secretary and said, "I'm almost out of typing paper. What do I do?" "Just use copier machine paper," the secretary told her. With that, the intern took her last remaining blank piece of paper, put it on the photocopier & proceeded to make five "blank" copies.

SIX I was in a car dealership a while ago, when a large motor home was towed into the garage. The front of the vehicle was in dire need of repair and the whole thing generally looked like an extra in "Twister." I asked the manager what had happened. He told me that the driver had set the "cruise control" and then went in the back to make a sandwich.

SEVEN My neighbor works in the operations department in the central office of a large bank. Employees in the field call him when they have problems with their computers. One night he got a call from a woman in one of the branch banks who had this question: "I've got smoke coming from the back of my terminal. Do you guys have a fire downtown?"

EIGHT Police in Radnor, Pa. interrogated a suspect by placing a metal colander on his head and connecting it with wires to a photocopy machine. The message "He's lying" was placed in the copier, and police pressed the copy button each time they thought the suspect wasn't telling the truth. Believing the "lie detector" was working, the suspect confessed.

NINE A mother calls 911 very worried asking the dispatcher if she needs to take her kid to the emergency room, the kid was eating ants. The dispatcher tells her to give the kid some Benadryl and it should be fine. The mother says, I just gave him some ant killer..... Dispatcher: Rush him in to emergency room!

Please Help Me.... NO MORE!!!!!!!

Are you a Democrat, a Republican, or a Redneck?

Here is a little test that will help you decide.

The answer can be found by posing the following question:

You're walking down a deserted street with your wife and two small children. Suddenly, an Islamic terrorist with a huge knife comes around the corner, locks eyes with you, screams obscenities, praises Allah, raises the knife, and charges at you.

You are carrying a Kimber 1911 cal. 45 ACP, and you are an expert shot. You have mere seconds before he reaches you and your family. What do you do?

Democrat's Answer :

Well, that's not enough information to answer the question! Does the man look poor or oppressed? Have I ever done anything to him that would inspire him to attack? Could we run away? What does my wife think? What about the kids? Could I possibly swing the gun like a club and knock the knife out of his hand? What does the law say about this situation? Does the

pistol have appropriate safety built into it? Why am I carrying a loaded gun anyway, and what kind of message does this send to society and to my children? Is it possible he'd be happy with just killing me? Does he definitely want to kill me, or would he content just to wound me? If I were to grab his knees and hold on, could my family get away while he was stabbing me? Should I call 9-1-1? Why is this street so deserted? We need to raise taxes, have paint and weed day and make this happier, healthier street that would discourage such behavior. This is all so confusing! I need to debate this with some friends for few days and try to come to a consensus.

Republican's Answer:

BANG!

Redneck's Answer:

BANG! BANG! BANG! BANG! BANG! BANG! BANG! BANG! BANG! Click..... (Sounds of reloading). BANG! BANG! BANG! BANG! BANG! BANG! BANG! BANG! BANG! Click Daughter: 'Nice grouping, Daddy! Were those the Winchester Silver Tips or Hollow Points?!' Son: 'Can I shoot the next one?!' Wife: 'You ain't taking that to the Taxidermist?'
