

....Dedicated to Robert Derby....

On April 22, 2002 - Our brother and dearest friend passed away, leaving a void in all our lives that will never be filled. Knowing that the end was close, he endeavored to see the completion of this disc reached. Thus, the music captured on this recording will stand as an enduring testament to his talent and passion. When we listen to music that Bob created, we take comfort in knowing that he left a piece of his spirit behind to continue to touch the lives of all who knew him.

Bob: we love you and will miss you terribly. Rest in peace....
