SI of Harrisburg To Participate in National Wear Red Day

February 2007 -- As part of February's American Heart Month, the Soroptimist International of Harrisburg today announced that it will join thousands of Americans nationwide celebrating National Wear Red Day on Friday, February 2, 2007. "It's a great opportunity to reach out to women in our community and alert them to their personal risk factors for heart disease," said SI Harrisburg's President, Dr. Meada McAllister.

National Wear Red Day is an annual event held on the first Friday in February. The first observance in February 2004, was announced at the White House. On National Wear Red Day, women and men across the country wear red to unite in the national movement to give women a personal and urgent wake-up call about their risk of heart disease.

Soroptimist International is a worldwide service organization for women in management and the professions, working through service projects to advance human rights and the status of women. The Harrisburg Club was founded in 1938.
