FROM YOUR CHAPTER DIRECTOR

From Your HNIC

Well not a lot to report this month except riding season is almost over. The weather has let us ride a little longer this year but would like to see some rain. Some chapter members went on a ride down South and said they rode in rain for two days. It made for a good Bridge Festival this year glad that is over with. The weather was so dry it felt like we were in the dust bowl. October was a busy month for us with festival and our son getting married. They were married on the shore line of Lake Michigan it was very beautiful day.

On the 23rd the Blancs hosted a bean dinner at their home there was around thirty people there. The food was great and the fellowship as well. We learned that there will soon be three new Trike owners by next years riding season. I'm sure they will all enjoy them.

The Halloween party is coming up and I know there will be lots of food and fun there as well. But most of all Winter Rendezvous please think about coming with us and join the fun it is something to do on winter weekend. It will be Jan.21st to 23rd at the Marriot in Indy. We will soon start building our float so even if you are not going please come join us and help we have a lot of fun doing this.

Please keep Kevin Powell and Larry Alsman in your prayers for a speedy recovery.

They both were in the Hospital but are home now.

Darell & Alice

FROM YOUR ASSISTANT CHAPTER DIRECTOR

I can't believe it is November already. This year has really flown buy. I hope everyone had a nice Halloween.

We had a bunch of really nice costumes this year, glade to see so many folks getting into the spirit of things. There was lots of good food there and a nice crowd, I hope everyone had a nice time.

I would like to wish everyone a wonderful thanksgiving, hope that you get plenty of turkey and pumpkin pie.

Hope to see everyone at the Christmas party on Dec 11 at Rosedale and don't forget your bears and your gifts so you can play the round robin.

See you all soon.

ACD
Cindy Blanton

Bits & Pieces From the Southwest A/DD

It has been a beautiful Fall for riding our Gold Wings and every chapter has had a full riding schedule and now that the cooler weather is almost upon us everyone will be busy making plans for the upcoming holidays.

Your District Team has also been busy trying to finalize plans for Winter Rendezvous. We are trying to come up with some new and exciting ideas and since our theme is Hillbilly Hoot-N-Nanny I'm sure every chapter will come up with some funny and interesting attire for dress that week-end.

Come on chapters and gather up your Hillbilly Grandpa's ---Granny's—Pappy's—Mammy's and all the Cousins and get them dressed in their Sunday best outfits and head up to the Fancy Marriot Hotel East in that great big city of Indianapolis where you will meet up with lots more of your Cousins from all over the state and neighboring states and have some (as our District Directors said) **BACK SLAPPING FUN.**

Your Chapter Directors have all the registration forms and room reservation forms so everyone get busy and get signed up—you won't want to miss out on this fun filled week-end January 21st thru 23rd.

LETS MAKE THIS WINTER RENDEZVOUS ONE TO REMEMBER.

John & Shirley Lee A/DD

FROM YOUR RIDE EDUCATOR

I thought you might enjoy what this man has to say.

It's Never "Just a Ride"

The passion for riding motorcycles is as much a spiritual thing as it is psychological. A motorcycle is often referred to as "the cheapest form of therapy" by those who have given in to that special kind of seduction. But there's a lot of truth to that statement. Most riders treasure their rides; the best escape from the sometimes crushing pressures of daily life. Part of that has to do with the concentration required while in the saddle.

There is an inherent risk to motorcycling. Traffic, road surfaces, debris, animals, changing weather, and texting drivers are all part and parcel of the danger that surrounds us. When on the road, you can't simmer over a bad workday, or plan the weekend construction project. Thoughts of relationships, bills, schedules, or chores have no place in the rider's head. There's just too much going on to allow distractions of any kind.

The uninitiated might opine, "If that's the case, then why ride at all?"

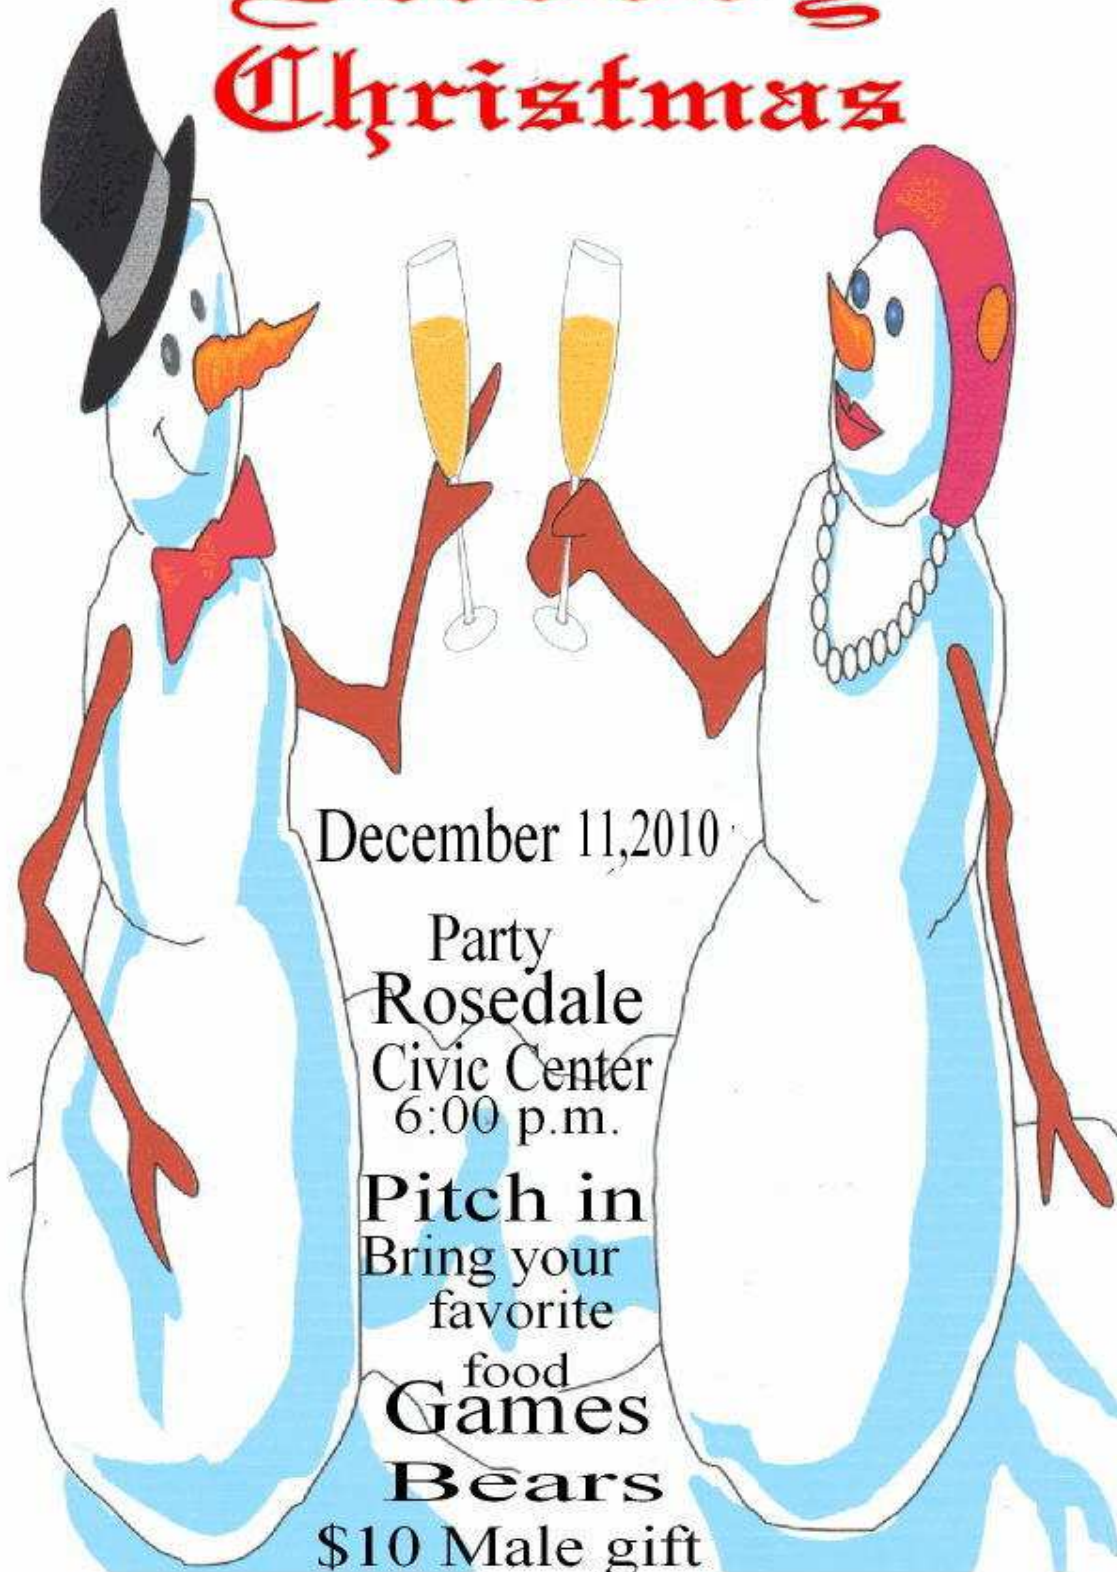

Listen carefully, Grasshopper.
